

# Navigo<sup>®</sup>

Interactive Touchscreen Solutions, Inc., developer of the Navigo Suite of Products, is a leading provider of touchscreen wayfinding, informational kiosk and digital signage systems. We offer high-end, sophisticated solutions including free-standing cabinetry, weather-resistant kiosks for indoor or outdoor use and wall-mounted units for buildings with limited space. All ITS standard enclosures and cabinetry are fully ADA compliant.

*Please contact ITS at 1-800-652-4830 to learn more about our custom enclosures and cabinetry options.*

## Wall Mount - surface mount or recessed options available

**Navigo Systems can be retrofit into existing wall space or mounted on the existing surface. When wall depth is limited a 19", 26", 32" or 42" flat panel touchscreen can be utilized.**

### Component Options:

- 19", 26", 32" or 42" Active Matrix Flat Panel w/ Integrated Touchscreen
- IT2000 Intel Processor Slim Line Computer
- PRT-LSR Laser Printer w/ Paper Presenter
- DirectDial Handset or Speakerphone

**Custom faceplate or bezel frame may be provided by customer or ITS. Build-out required to house systems are responsibility of customer.**
