**Custom Designs**

All enclosures are designed to house all Navigo System components. Standard designs are fully ADA compliant. A variety of finishes are available and include, but are not limited to, brushed aluminum, brushed stainless, polished stainless, powder coated solid, powder coated special texture, wood veneer and laminate.

Interactive Touchscreen Solutions, Inc. also produces custom enclosures as designed and specified by others. Please contact us with questions on availability and pricing at 1-800-652-4830.
